

NOV 12 1952

The Honorable Henry Cabot Lodge, Jr.
United States Senate
Washington 25, D. C.

Dear Senator Lodge:

In response to your earlier inquiry regarding [redacted] who applied for a position with this Agency I have had our Personnel Office look into his case. Their report indicates that [redacted] was considered in connection with a particular project which has recently been abandoned. At the present time we unfortunately have no situation for which [redacted] special abilities qualify him but we shall keep his application on file in the event a suitable vacancy should develop.

A copy of the letter to [redacted] is enclosed for your information. As you requested your letter from [redacted] is also enclosed. For your private information, the governing factor was cost. For the job we had in mind, it is too expensive to place U.S. personnel, and probably not quite so effective.

Faithfully,

W/ (Walter B. Smith)

Walter B. Smith
Director
